

Agrotech startup seeking business development lead

To drive company growth and forge partnerships

gellit.net

If you are:

- Eager to take on the challenge of co-founding a startup
- Able to work precisely and like to take initiative
- Skilled in number crunching and understand important KPI-s
- Trained or doing training in finance (MSc level)
- Background in agriculture is an advantage
- Fluent and comfortable in English and Hungarian

Your tasks:

- Build robust financial models
- Craft strategic business plans
- Help shape our trajectory
- Guide our team through fundraising and scaling operations
- Strategize our entry into new markets
- Make key business decisions
- Stay in contact with VC-s, investors

What you get:

- **Equity compensation** as a founder team member
- Dynamic position with a variety of challenges
- Chance for professional growth and making a real impact while being flexible
- You can be part of a dynamic, young and dedicated team in a science based project

Who we are:

- Our vision is to promote self-sufficiency for modern farming needs through setting up an infrastructure for circular agricultural approaches
- We encourage the application of interdisciplinary scientific technologies for a sustainable food supply chain
- Gellit is a Budapest-based Agrotech startup committed to circular economical solutions. We are developing a green fertilizer solution with added value (TRL=2-3).
- Two dedicated biochemical engineers
- Strong network of technological, scientific and business experts
- Received one year of intensive mentoring in business

Our achievements include:

- '23 Danube Cup International Pitch Competition 1st Place
- '23 Újbuda University Startup Programme winner
